

SUNBLOCK TINTING

COMMERCIAL WINDOW FILM

Locally owned in Lockhart, Texas.
Serving buildings across the surrounding communities.

A BETTER PLAN FOR YOUR GLASS

Heat, glare, privacy and appearance call for different film choices. SunBlock helps property owners and facility teams select a practical scope, compare options and plan installation around the building.

WHAT WE OFFER

SOLAR-CONTROL FILM

Heat and glare reduction, with film selected for the glass, daylight and view.

SAFETY & SECURITY FILM

Glass-retention options, reviewed with the existing glass, frames and attachment needs.

PRIVACY & DECORATIVE FILM

Frosted, decorative and light-blocking options for offices, partitions and storefronts.

REMOVAL & REPLACEMENT

Existing-film removal, glass preparation and replacement film installation.

COMPLETED COMMERCIAL EXPERIENCE

Clinic: DualFlex 35% on six divided windows, 24 fitted sections.
Restaurant: Film removal, preparation and privacy-film installation.
Multi-floor property: Film installed on 35 windows across two floors.

FROM WALKTHROUGH TO WRITTEN SCOPE

We review priorities, measure the glass, discuss access and compare film options. Your written quote identifies the proposed film, work scope and installation considerations. Film and warranty information, W-9 and insurance documentation can be discussed during vendor onboarding.

LET'S WALK YOUR BUILDING.
